Program - LI 12-1

1. This memo is to request your positive action related to the subject of safety and health as discussed in the subject logistics instruction.

In addition to listing substantial ideas for improvement, please prepare necessary letters to GSA for accomplishment and/or indicate amount of FY-81 funding estimated to be required. It may be a good idea to have a representative of Safety Branch accompany your inspector.

3. In addition to other items discussed in LI 12-1, please prepare a memorandum to Headquarters Security Branch explaining inherent physical building and system features your shop is uniquely qualified for, and solicit tasks or responsibilities they might like to assign you for periods of emergencies.
